

Relationships & Sex Education Training for Foster Carers

Expressions of interest for free training: information for local authority fostering services

Sex Education Forum is pleased to share information about our innovative relationships and sex education (RSE) training for foster carers that we are offering **free of charge** to local authorities in the North-East, North-West, Yorkshire and Humber and South-West regions.

Details are provided below, and we invite expressions of interest to host the free training by **Wednesday 28th May 2025**.

What are the aims of the training?

The training will increase the confidence and competence of your foster carers to address and discuss relationships and sex education (RSE) topics and issues with their young people. The training aims to increase awareness of wider support and signposting regarding RSE and how foster carers' roles can contribute to better RSE outcomes through brief interventions.

What is unique about this training?

This training has been successfully piloted and independently evaluated. It is delivered by Sex Education Forum RSE specialists with social care and/or SEND expertise. The training is evidence-based, trauma-informed and bespoke to the foster care context. An independent evaluation report is available on request. Please see Appendix 1 for a summary of the training content.

"I don't recall ever doing anything that was as thorough as this one and went into the real ins and outs of certain scenarios that you might find yourself faced with." Pilot area foster carer.

How is the training delivered?

The training comprises 8 hours CPD, delivered as 4 x 2 hour sessions, either delivered in person or online as small interactive group-work. The sessions are usually delivered once a fortnight.

How many foster carers can receive this training?

12-16 foster carers from each local authority will be able to receive this training free of charge.

Does this training compliment your local offer?

The training fulfils several fostering National Minimum Standards and contributes to the corporate parenting responsibilities of local authorities by promoting the safety and welfare of cared for children.

|---|---|
| <input checked="" type="checkbox"/> Standard 2: Promoting positive identity | <input checked="" type="checkbox"/> Standard 4: Safeguarding children |
| <input checked="" type="checkbox"/> Standard 6: Promoting good health and wellbeing | <input checked="" type="checkbox"/> Standard 12: Promoting independence |

When can local authorities receive this training?

Training delivery will take place from September 2025 up until July 2027.

Will all local authorities receive this free training?

This is currently a limited free offer for **eight** local authorities in each of the target regions, i.e. North-East, North-West, Yorkshire and Humber and South-West. The training is also available to commission.

How do local authorities partner with Sex Education Forum?

Local authorities will be asked to sign a partnership agreement that outlines the following expectations:

- Dedicated member of staff to liaise between Sex Education Forum and the local authority
- Recruit between 12-16 foster carers to attend the training
- Liaison between foster carers and Sex Education Forum including communicating training logistics via local authority channels
- Provide a training venue 'in kind' if delivery is in person
- Promote a briefing event, run by Sex Education Forum, for supervising social workers
- Commit to an action plan to sustain the training beyond the free offer

How do local authorities sign up?

Expressions of interest are made by completing a form available [here](#) by **Wednesday 28th May 2025**.

Please email the project lead, Millie Roberts millie@sexeducationforum.org.uk if you have further questions.
